

**First Joint Meeting of the North-European Network on
Cyanobacterial Studies, NENCyS
The Norwegian University Center, St. Petersburg, RUSSIA**

31st of May – 2nd of June 2017

The venue: The Norwegian University Center, Kaluzhskii pereulok 3,
Metro station Chernyshevskaya

Wednesday 31st of May		
9:00-12:00	City Tour for Scandinavian participants	
Group presentations		
13:30-13:40	Welcome	Anton Liaimer
13:40-14:00	Microbiology at SPSU	Alexandr Pinevich
14:00-14:15	Microbiology at Yaroslavl SU	Sergei Sidelev
14:15-14:30	Microbial Research at Center for Ecological Safety of Russian Academy of Sciences	Ekaterina Voyakina
14:30-14:45	Presentation Moscow University	Olga Koksharova
14:45-15:00	Coffee-break	
15:00-15:15	Murmansk Marine Biological Institute	Grigorii Voskoboinikov
15:15-15:35	Stockholm University	Ulla Rasmussen/Sara Rydberg
15:35-15:55	University of Tromsø	John Beck Jensen
15:55-16:10	Microbiology at University of Pisa	Olivia Lanzoni
16:10-16:30	Coffee-break	
16:30-16:55	Far-Red Absorbing Chlorophylls in Cyanobacteria: Distribution and Biosynthesis	Svetlana Averina, SPbSU
16:55-17:20	Moss-cyanobacterial symbioses	Ulla Rasmussen, SU
17:20-17:45	Cyanobacterial secondary metabolites in interactions	Anton Liaimer, UiT
17:45-18:10	Cyanobacterial parasites	Thomas Rohrlack, NMBU (A. Liaimer)

Thursday 1st of June		
9:00	Coffee	
9:30-9:55	Cyanobacterial <i>mcy</i> Genes: Presence in Northwest Russia	Olga Gavrilova, SPbSU
9:55-10:20	Toxic Freshwater Cyanobacteria in Russia: Ecological Role of Cyanotoxins, and the Problem of Invaders	Sergey Sidelev, YarSU
10:20-10:25	Toxic Metabolites of Cyanobacteria from St. Petersburg Eutrophic Lakes	Ekaterina Voyakina, SRCES RAS
10:25-10:45	Coffee-break	
10:45-11:10	BMAA an volatile compounds in cyanobacteria	Alexandra Popova, MSU
11:10-11:35	BMAA in aquatic ecosystems	Sara Rydberg, SU
11:35-12:00	Research on biologically active compounds at Marbio	Espen Hansen, UiT
12:00-13:00	Lunch	
13:00-13:25	Consortium of the 'Bichlorophyllous' Cyanobacterium <i>Prochlorothrix hollandica</i> and its Chemoheterotrophic Partners	Natalia Velichko, SPbSU
13:25-13:50	Bacteria associated with brown algae	Dmitrii Pugovkin, MMBI
13:50-14:15	Plant associated microorganisms	John Beck Jensen, UiT
14:15-14:40	Diversity of Bacterial Symbioses in Ciliates	Alexey Potekhin, SPbSU
16:00 -18:00 Visit to SPSU central building and the Resource center		
19:00	Joint dinner: Tcentralny Restaurant, Suворovskiy pr. 62	
Friday 2nd of June		
10:00 Visit to the Resource center at Peterhof campus
